

HTW Lockdown March 2020 – August 2021

Despite the Covid lockdown of 2020/21 the HTW group remained as active as was allowed under the regulations. Effectively this meant making use of the many and varied online talks that were available. Subjects ranging from the development of the Supermarine Spitfire to famous World War Two spies, Labyrinths Around the World & In London to A Victorian Christmas and many many more.

Our thanks to some of the organisations providing these fascinating lectures:

Royal Astronomical Society

The National Archives

The Guildhall Library

Gresham College

The Army Flying Museum

All The Kensington Museums

Artizan Street Library

Simons Foundation

Imperial College London

Bentley Priory Museum

After an eighteen month pause we are back to actual physical visits in August 2021 starting with The Painted Hall, Greenwich.
